RE: Docket # 2015-160-E & Docket 2015-103-E

To Whom It May Concern:

Since my SCT&H rates have jumped 31% in 6 short yrs, consider this as my formal complaint against the proposed 2.8% rate increase.

I'm trying to help a disabled daughter stay independent with financial support of her SCT&H live as well as mine (I'm retired), which is hard. Her bill doubled this last mo. from the last two previous bills.

Forcing current customers to pay for future power plants isn't justified.

A mtg. needs to be held in Chas. - not require for people to go to Ct. Also, a written letter opposing a rate increase should be sufficient without a mtg. attendance.

Please excuse handwritten letter (have left hand right arm).

Your consideration and appropriate action for the customer (who simply cannot afford rate increase) will be appreciated.

Sincerely,
